Agenda of the EARMA ERION Workshop, 10 February 2021

ERION is the Ethics and Research Integrity Officer Network within EARMA. It is an open community to discuss the practical and implementation side of Research Ethics and Integrity. The community is for all those that need to ensure compliance, efficiency, functionality, fairness and robustness in the practices and processes in their organisation. Such people may have titles as Ethics/Integrity Officer, Administrator and many others. You should have the role of a practitioner within your organisation. This event is NOT about Research in Ethics and Research Integrity.

Date: 10 February 2021

Place: Online, Videoconference via Zoom

Agenda (Time Zone: CET, Brussels time)

13:00 – 13:45	<p>Development and implementation of the European Code of Conduct for Research Integrity: Past drivers and future plans</p> <p>The European Code of Conduct for Research Integrity serves the European research community as a framework for self-regulation across all scientific and scholarly disciplines and for all research settings. The Code was revised in 2017 to address emerging challenges emanating from technological developments, open science, citizen science and social media, among other areas.</p> <p>The talk will address the goal and rationale behind the code and include reflections on how the code has been implemented across Europe since its publication, as well as prospects for the future.</p> <ul style="list-style-type: none">• <i>Dr. Maura Hiney, Head of Post-Award and Evaluation, Health Research Board Ireland; President of the ALLEA Working Group for Science and Ethics</i> <p>Followed by Q&A, moderated by <i>Jonas Åkerman, Research Ethics and Integrity Coordinator, Stockholm University</i></p>
